IMPACT

Impact of MOHAN Foundation's work

- **259 million** : Public sensitized
- **3,599 +** : Grief Counsellors / Transplant Coordinators trained
- **60,999 +** : Healthcare Professionals trained
- **2,399 +** : Volunteers trained
- **13,000+** : Callers on Toll Free Helpline Counselling
- **12,999 +** : Healthcare Professionals and Counsellors downloaded Mobile Apps developed for enabling Donor Identification, Certification and Counselling

OUR OBJECTIVES

Taking a 360-degree approach, MOHAN Foundation has been working relentlessly towards-

Raising awareness about organ donation amongst the public & healthcare workers

Education & training of medical & para medical professionals

Working with hospitals to set systems that enable organ donation and transplantation

Working with State and Central Governments to create strong ecosystems for organ donation

Grief Counselling bereaved families to consider donating organs & tissues of their loved ones

Research and Policy Development

Our Strength lies in grief counselling & carrying out the unenviable task of speaking to families at the time of the death of a loved one & encouraging them to think about organ donation so that those who are suffering with organ failure can benefit from a lifesaving transplant.

NGO to hold organ donation drive

Chennai: MOHAN Foundation, an NGO promoting ethical organ donation, will hold a golf tournament, drive to save lives, on August 25 at Guindy Golf Course as an awareness initiative for organ donation.

The inspiration came from Florida based golfer, Erik Compton, who underwent two heart transplants. "More than 400,000 Indians grapple with end-stage organ failure," said senior urologist and founder of Mohan Foundation, Dr. Senthil Shanmugam. "Only 10,000 undergo life-saving organ transplants. India has one of the lowest organ donation rates," he added.

Drive to Save Lives

Club News

The Hyderabad Golf Association Golf Course came alive with excitement as golf enthusiasts gathered for a cause that transcends the green and white lines through organ donation. The MOHAN Foundation, a pioneering nonprofit dedicated to organ donation and transfusion, organized this charity tournament to support organ donation and transform the lives of organ failure patients.

The charity tournament attracted over 100 enthusiastic golfers, including a few from outside Hyderabad. A very special highlight was the presence of Mr. Karthik Nandak, a heart transplant recipient and a golfer, whose inspiring journey underscored the life-changing impact of organ transplantation. His presence served as a poignant reminder that, just like in golf, in life too "Every shot counts." This resonates well with what golf legend Jack Nicklaus once said, "Success depends on the second shot."

The tournament followed the popular 7-Ball Scramble format. The evening ceremony commenced with a warm welcome by Dr. Sandi Shroff, Managing Trustee of MOHAN Foundation, followed by Mrs. Lakshmi Raghavan, Country Director, who introduced the guests. The evening concluded with a lively gathering, where players enjoyed a relaxed atmosphere and an exciting lucky draw featuring prizes such as Amazon vouchers, golf bags, and a grand trip to Thailand.

The event was made possible with generous support from esteemed organizations, including Vamsaram Bookshala, NMDK, Doda Dairy, Anad Engineering, Kapil Infratec, Value GolfPlus Monthly magazine, AkshayKalyan Organics, and Ballantyne, among others.

RESULTS:
