OUR OBJECTIVES

Taking a 360-degree approach, MOHAN Foundation has been working relentlessly towards-

Raising awareness about organ donation amongst the public & healthcare workers

Education & training of medical & para medical professionals

Working with hospitals to set systems that enable organ donation and transplantation

Working with State and Central Governments to create strong ecosystems for organ donation

Grief Counselling bereaved families to consider donating organs & tissues of their loved ones

Research and Policy Development

Our Strength lies in grief counselling & carrying out the unenviable task of speaking to families at the time of the death of a loved one & encouraging them to think about organ donation so that those who are suffering with organ failure can benefit from a lifesaving transplant.

Drive to Save Lives

The Hyderabad Golf Association Golf Council came alive with excitement as golf enthusiasts gathered for a cause that transcends the green-swarding life in through organ donation.

The MGNREGS Foundation, a pioneering nonprofit dedicated to rural development, announced for over 20 years, organized this charity tournament to support organ donation and transcend the lives of organ failure patients.

The charity tournament attracted over 100 enthusiastic golfers, including a few from outside Hyderabad. A very special highlight was the presence of Mr. Karan Nanda, a heart transplant recipient and a golfer, whose inspiring journey underscored the life-changing impact of organ transplantation.

His presence served as a poignant reminder that just like in golf, life's true "Every shot counts" and sometimes the second shot is what counts. "This incentive will tell what golf legend Jack Nicklaus once said, 'Success depends on the second shot.'"

The tournament followed the popular Stauffer's 12-Shot formula format, the evening ceremony commenced with a warm welcome by Dr. Sandeep, Managing Trustee of MGNREGS Foundation, followed by Mrs. Lalitha Rajagunan, County Director, who introduced the guests. The evening concluded with a lively gathering, where players enjoyed a relaxed atmosphere and an exciting lucky draw featuring prizes such as Amazon vouchers, golf bags, and a grand trip to Thailand.

The event was made possible with generous support from cultural organizations including Yashwantrao Chavan, NMDC, Datta Datta, Azad Engineering, Kapil Steel, Vishu, GolfPlex Monthly magazine, Mohalechandra Organic, and Bhatnagar, among others.

NGO to hold organ donation drive

Chemist MOHAN Foundation, an NGO promoting ethical organ donation, will hold a golf tournament, drive to save lives, on August 25 at Gully Golf Course as an awareness initiative for organ donation.

The inspiration came from Florida based golfer, Kirk Compton, who underwent two heart transplants. "More than 400,000 Indians grapple with end-stage organ failure," said senior biologist and founder of Mohan Foundation, Dr. S. Hill Street. "Only 10,000 undergo life-saving organ transplants. India has one of the lowest organ donation rates," he added.
